NORTH MOUNTAIN UNITED TAPESTRY AND MARKET

WWW.UNITEDTAPESTRY.COM

DEAR FRIENDS,

The North Mountain United Tapestry Cultural & Heritage Society is a not-for-profit society whose mission is to host a welcoming space in our community that celebrates and enhances our local culture, economy and quality of life.

We here at Tapestry have been working steady all winter long. Spring is just around the corner and we wanted to give you a heads up on some Tapestry opportunities, season start dates, and what goals we are setting for the season.

MERMAID CAFE!

This year we are looking to rent out our cafe space to a local entrepreneur. If you or someone you know might be interested, please check this opportunity out on our website under Market. Our cafe space is inside the church and we are making some changes to the church space that will make the cafe a comfortable gathering place with seating, art and history. Are you looking for a space like that for your business? Let's talk! If you are interested or want to know more, please email Carolyn (Chair at NMUT), carolynlow78@gmail.com

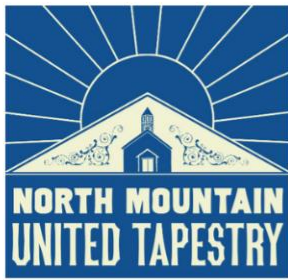

A CALL OUT TO ARTISTS!

We are looking for a group of Artists that are interested in working together to share art with the community at the church. We have a dedicated space available in the church and are open to your ideas, come and talk with us!

We are making plans to add a seating area with more picnic tables at the back of the church, improve walk ways and add a railing in order to increase the accessibility for all people. We also have some capital projects that are high priority as well, like new road signage, giving the church a coat of paint to protect it from the elements, replacing the steeple, and more! If you care about the church as much as we do, please consider making a donation or volunteering your time to help us keep it happy and healthy. We here at Tapestry are looking forward to another great year on the Bay!

Sincerely, the Team at NMUT!

Since May of 2014 North Mountain United Tapestry has hosted magical music concerts throughout our summer season. Our hope is that our music evenings will help to create and nurture positive relationships within our community, give opportunity for our community to enjoy both local amateur musicians and higher profile musicians while giving vital financial support to our society.

BLACK ROCK / CANADA CREEK NEWSLETTER

Last fall everyone had great fun at the outdoor **Fairy Walk event** after a forced hiatus in 2020. It's on again for **Thanksgiving Saturday, October 8, 1 – 4 pm**. Get out your wings, fairy or gnome costumes, bring your own magical creations for a one day display. Find out more details later on at the Black Rock Trails facebook page or call Donna 902-538-3041

The Trail with the nicest Privy!

News from the Trails

We have been lucky up here that the winter storms didn't cause as much damage as they did on the Harvest Moon Trail and other trails in the Valley. But we also had our share of uprooted trees and dead-fall. Most of our trails have been cleared, except for the Yellow Trail. That's still work in progress, more volunteers would be sooo WELCOME. It's actually a great work-out in fresh air, no masking required, and very satisfying to look back at the cleaned-up trail! If you can help, contact Irmgard: irmlipp@gmail.com

When you are receiving this Newsletter, the Trails group members and other supporters are already busy in their gardens, digging up perennials for the **PLANT SALE, May 7th, 8 am – 12 pm**, it's the Saturday before Mother's Day. There will be perennials in all shapes and sizes, from early medicinals and herbs to fall beauties; shrubs and small trees, house plants as well as some seedlings.

As we are writing this in early April, covid restrictions have been lifted, and we are hoping the sale can be held at the Black Rock Community Hall, as we did before the virus hit us. BUT, we are planning a hybrid plant sale, where you can come out on the day of, but you can also order on-line as you did the last two spring seasons. **Contact Irmgard: irmlipp@gmail.com**

This is the major yearly fundraiser for the Black Rock Trails Society to cover the ever increasing liability insurance. We hope to see you in droves!

TRAILS DAY is on June 4, come out and enjoy the Black Rock Trails. We are thinking about a special event for that day. Please, check our facebook page.

Harbourville Restoration Society

Post-Pandemic Healing and the Ocean:

It has been two years since Covid-19 was declared a pandemic. It has been two years of loss, separation, anxiety and uncertainty. We have seen how our communities can come together, how we can help one another, and how selfless we can be during such hardship. But we've also seen how trying it has been on our mental health—and that's okay to admit. Now, more than ever, we have to focus on healing our mental health as we re-enter society and re-establish relationships with others.

Feeling lost and unsure of how to start healing? A visit to the ocean may be just what you need and is a reminder of how fortunate Nova Scotians are to have this wonderful 'therapy' in our backyards!

Among the many healing attributes of the ocean, proximity to the ocean is believed to have a positive effect on mental health by reducing stress, depression and anxiety. The sea breeze rebalances the serotonin levels that cause feelings of happiness and wellness. Moments of meditative tranquility by the beach encourage introspection to regain calm. The infinite horizon allows access to a state of well-being reinforced by the intensity of the reverberated light. The coastline thus restores the ability to let go and welcome serenity, an imperative facing with increasing levels of stress.

Time by the ocean leaves you feeling awakened and cleansed – physically, emotionally and spiritually. The combination of sun, sea and sand is the most natural and easily accessible form of therapy available to us as human beings. Our affinity for water is even reflected in the near-universal attraction to the color blue.

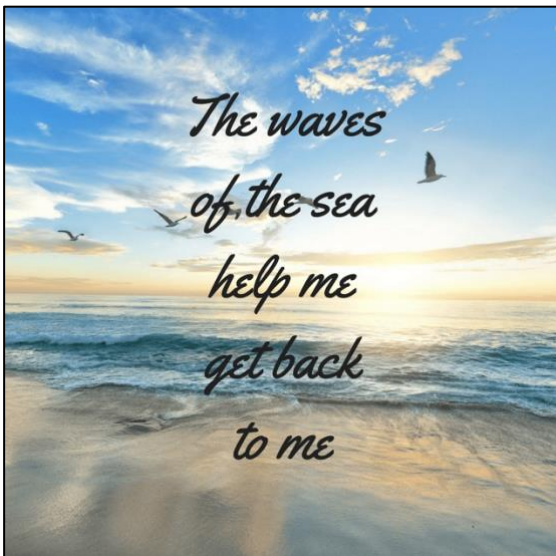

Marketing research has found that people tend to associate blue with qualities such as calmness, openness, depth and wisdom. With the human body made up of around 70% water, it seems that we do in fact belong to the sea!

The health benefits of the ocean are indeed very real. We have been aware of them long before science came in with the proof. In modern society, time near the ocean is becoming even more important than ever before. The benefits of sea water offer a valuable way to offset the stresses of living and working in modern contexts. These huge bodies of saltwater are literally brimming with mysterious and wonderful ways to nourish and nurture body, mind and spirit.

Luckily, in Nova Scotia we can easily turn to the ocean to help get through what has become a long and trying time of change for us all. We encourage you to explore your 'backyard' here on the North Mountain and use the power of the ocean to help navigate this time

of rebuilding and enjoy the wonders and healing benefits it holds!

- Contributed by Jeanette Joudrey

“The ocean can not only heal cuts with salt, but it has the ability to trigger a psychological state of calm and contentment. It can literally wash away the pain.”

Coffee Klatch: every Friday @ 10:00 a.m. | Harbourville Community Hall
Contact Lois Hare @ (902)538-3082 or by email at silverhare@eastlink.ca.
provided. Bring a snack to share, a friend and \$2 admission.

We are very grateful for the financial support we have received over the years and thank you for your contribution. To donate please visit our website for more information or contact Angela at mooksterboken@hotmail.com

Supporting Ourselves & Our World

Funded in part by the
Government of Canada's
New Horizons for Seniors Program

Canada

The Burlington Community Club/Park Society (BCPS) and the Harbourville Restoration Society (HRS) are working together on a joint project funded by the New

Horizons for Seniors Program. Photo: Brian Hirtle and Brian Van Rooyen signing our Memorandum of Understanding on March 25.

Many activities for the North Mountain community are being planned, including workshops, the development of the Burlington park and a special oral history initiative. Community members of all ages will be invited to participate in a public education campaign to make banners promoting community life and the protection of our land and sea. Our New Horizons for Seniors Program focuses on engaging seniors as community leaders to share their expertise and to engage folks of all ages to

build a welcoming, active community. Our project will run from April until November 2022.

The Harbourville Restoration Society will take the lead with the workshops, film showings, the oral history initiative and the public education campaign. The overall theme for these events and workshop is the enjoyment, care and protection of the North Mountain environment: land, sea and people. Many of these presentations will draw on the expertise of local people who have many years of experience living and working in this area. The list of the topics is provided on our website at www.harbourville.ca under Community Project: Upcoming Workshops - the dates and topics are still being confirmed so please check back regularly for the latest updates. All of the workshops and presentations are free. However, spaces are limited so we ask people to please reserve their spot. For those who want to attend a workshop at the Hall, you are most welcome, with the understanding that COVID-19 protocols, as laid out by the Nova Scotia government, will be carefully followed. The Burlington Community Park Society will focus on developing a community park that will enhance active, healthy living in our North Mountain Community. The park development projects will include: building short, accessible trails; a bridge; a pollinator garden; some recreation facilities and/or fitness stations. In 2020 we started with a five year plan to develop this community space. This year with the funding from the New Horizons for Seniors Program and the Platinum Jubilee Project we will further develop our park that is meant to be enjoyed by the community for years to come!

Burlington Community Club

Burlington Community Club receives Grant to celebrate the 2022 Platinum Jubilee of Her Majesty Queen Elizabeth II.

“On behalf of the Minister of Canadian Heritage, \$5,000 has been awarded to the Burlington Community Club to organize activities, under the Celebration and Commemoration Program.”

The Burlington Community Park Society will use the opportunity to celebrate the Platinum Jubilee as we start the next phase of the park expansion as per the plan drafted with Cobequid Consulting. Our community thrives on outdoor experiences, and historical

preservation.

We plan to:

- prepare the park field with a historic horse and plough in preparation for wildflower gardens and native flora, and possibly creation of a medicinal garden
- establish saplings to regenerate the Acadian forest. Example: Sugar maple, Yellow Birch, along the south property line.
- host community events for planting saplings and to celebrate the 2022 Platinum Jubilee of Her Majesty Queen Elizabeth II
- create a signage program and interpretative panels to complement these initiatives

Stay tuned to the BCC Facebook page and the North Mountain News website to see how you can become involved !! On April 10 the BCPS hosted a community consultation walk and talk session at the Burlington Community Park. The committee hosted 15+ local residents and visitors to explore the up-and-coming park development as well as to brainstorm other ideas which could be integrated into the park development in later phases. A big THANK YOU to those who came out and participated. We appreciate your input! Stay tuned for the next session and Community Development Work Day with BCPS.

Burlington Community Hall Rentals To book please contact Susan Daniels 902-321-3441.

Fees:	Use of Hall and Kitchen, full day \$60	Use of Hall and Kitchen, half day \$50
	Use of Hall only, full day \$40	Use of Hall only, half day \$30

Community Showers and Funeral Receptions are free of charge.

Burlington Rink 2022 Winter has passed with another successful rink. The rink was OPEN for use for 45 days and was heavily used on many of these days. Our equipment swap program was also well used. Doug Kemp, our rink master, wants to thank all the friends and neighbours who helped set up and tear down - another great community effort. We want to thank Doug for all of his hard work!

Burlington Cemetery <https://burlingtoncemetery.ca/>

Located on Barley Street, the Burlington Cemetery will hold their annual clean-up on Tuesday, May 3 at 6:30 p.m. We welcome anyone interested in giving us a hand. Please come, bring a rake or clippers or whatever you think might be useful!

Food Handler's Course There will be a Food Handler's Course at the Burlington Hall on June 4th, 9 a.m. – 5 p.m. Nikki Metcalfe is our instructor. Nutrition break food will be provided but registrants should bring their own lunch. The fee of \$30 includes the FoodSafe Level I book but if you can bring your own book your fee is \$15. **Space is limited so you must re-register and prepay by May 27th**; e-transfer to burlington2122@gmail.com or mail to Burlington Community Club, Care of Sheila Munro, 1771 Brow Mtn Rd. Viewmount, NS B0P1E0 For further info contact Sheila 902-538-7177

Burlington Community Bursary Once again, the Burlington Community Club and the Burlington Baptist Church will collaborate to offer 2 bursaries to high school graduates planning to continue their education. Eligible candidates must reside in one of the following communities: Burlington (Kings County), Viewmount, Woodlawn, Garland or Harbourville. Each bursary is valued at \$625. Students must apply through their school Guidance counsellor. Please contact your school Guidance counsellor for application requirements. NOTE: Individual schools may have earlier application due dates.
